European Society for Vascular Surgery
Prof. Sebastian Debus, Secretary General
280 boulevard du Souverain
1160 Brussels
Belgium
administration@esvs.org

Dear Prof. Šefránek,

We are approaching you as national representative of the Slovak Society of Vascular Surgery. As the European Society for Vascular Surgery (ESVS), we want to increase vascular health on a European level. Our topics of interest will include national as well as global issues, and we strongly believe that we can achieve our goals from a vascular surgery perspective much more effectively by working closely together within a European framework.

To achieve more harmonization and a closer relationship, we would like to offer ESVS membership to your national members. Your members as well as your Society may strongly benefit from a closer collaboration in terms of international knowledge transfer as well as academic achievements. The ESVS offers two types of membership: Society Membership whereby all members of the Society automatically become ESVS members, or Group Membership whereby each individual member of your Society decides to also subscribe to the ESVS membership. The offers and benefits are described in the enclosed document.

We would like to start a direct conversation with you about the potential benefits of such a collaboration by means of a face to face meeting. We suggest organizing this meeting attached to the Charing Cross symposium. Will you kindly let us know if you or any other Society representative would be available for a meeting there?

We will be grateful for your response, indicating your interest in such a meeting with us by replying to Ms Anastasia Duval, ESVS Executive Director, on administration@esvs.org by March 1st.

We are looking forward to your involvement and support in 2016.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Sebastian Debus', with a stylized flourish at the end.

Prof. Dr. Sebastian Debus, FEBS, FEBVS
Secretary General ESVS
